

STOP! Don't throw that away...

“WE NEED THAT!”

We Need That! is a directory which aims to show Bournemouth and Poole residents that the items they throw into their rubbish or recycling bins, or take to the tip, may be needed by a voluntary group, school, faith group or individual.

Look inside to see if anyone needs the things you are throwing away....

We Need That! is a project run by local voluntary organisation Ideas2Action

INTRODUCTION—To Bournemouth and Poole residents

The next time you go to throw something away in your rubbish or recycling bins, or take items to the tip, think again. There may be a group or individual who could make use of it.

Please take a look at the list on pages 6 and 7 and see if the item you are throwing away is on it. If it is, look along to see if there is a page number beside it, as this indicates that it is needed by someone. Then go to that page and make contact to arrange delivery or collection. Have a look at page 3 for a list of achievements so far.

Important: *Ideas2Action accepts no liability or responsibility in relation to the delivery and/or collection of items. Ideas2Action is only facilitating in the brokerage of reusable items.*

Please remember to mention that **you saw the needs in this directory.**

CAN YOU HELP WITH OTHER ITEMS YOU MAY OCCASIONALLY THROW AWAY?

On page 48 there are a few voluntary groups looking for other items you may occasionally throw away. So please have a look to see if you can help with these too.

LOCAL GROUPS WHO ALSO RECYCLE

Between pages 49 and 54 you will see that we have featured two larger voluntary organisations, Dorset Reclaim and the Dorset Scrapstore. Both need your items, so please read about what they are looking for.

In addition to these, there is the Waste-Not-Want-Not Poole website where you can offer larger items or ask for items to again save them going in the bin or to the tip. <http://groups.yahoo.com/group/waste-not-want-not-poole/>

I'D LIKE TO REGISTER FOR ITEMS. WHAT DO I NEED TO DO?

As the booklet is updated, it's never too late to register. So if you are a member of a group, or simply an individual who can make use of the items in the list, please contact Monique, the project co-ordinator. Phone: 07771 705662 or email contact@ideas2action.org.uk

If you have any questions about general recycling or waste in Bournemouth and Poole check out the Councils' websites: <http://www.bournemouth.gov.uk/Environment/RecyclingWaste/RecyclingWasteLandingPage.aspx>

Or for Poole: <http://www.boroughofpoole.com/environment/recycling-rubbish-waste/recycling/>

ACHIEVEMENTS TO DATE

The first achievement is the project itself. Without the initial funding from the Borough of Poole's Green Initiatives Grant, further funding from Dorset Community Foundation (Poole Fund) and funding from the Green Goals Community Fund in Bournemouth which was used to expand it into Bournemouth, we wouldn't have been able to achieve the following. So a very big thank you to all our funders.

SAVED FROM THE BIN

The following are now being used by some of the organisations in the booklet...

- A bag of material scraps, some of which were made into a door curtain.
- Hanging baskets and flower pots
- Bags of items for craft sessions including fruit nets, bottle tops, cardboard tubes and yoghurt pots.
- Stamps, packing material and magazines
- Jam jars (were used to make lanterns for children to use in a Christmas lantern parade).
- Mobile phones
- One organisation is now saving their ink cartridges for a charity
- Empty tea-light holders
- 77 large and 430 small matchboxes
- Old jumpers for unpicking have been given to a local knitting group
- Printer cartridges
- Broken jewellery
- Yoghurt pots
- Cardboard tubes
- Craft flowers
- Spectacles
- Wool
- Tins of paint
- Bicycles
- And probably lots more which we haven't heard about!

COMPANIES AND MEMBERSHIP ORGANISATIONS DOING THEIR BIT

Local companies and membership organisations are encouraging their members and fellow employees to save items. These include Poole Lions, Poole Day Centre, Poole CVS, Poole CAB and J.P. Morgan. The Green Team at J.P. Morgan have gone one step further and started their own We

Need That collection called We Want That. They have set up a series of collection bins on site and are encouraging staff to collect and donate items to be given to some of the organisations in this directory.

If you would like to do something similar at your place of work, please get in touch with Monique 07771 705662 or email: contact@ideas2action.org.uk

COMMENTS:

"Your directory is EXCELLENT. There are so many things that can be recycled."

"I like the idea that the people in the book are local small groups. I've worked all my life and now feel that collecting items is something I can do to help."

"Our school received some beads the other week which we were really pleased about."

"I'm really excited about the chance to get more publicity for our charity as a result of your project, thank you!"

"You'll be thrilled to hear that I've just received an email offering us a donation of hessian sacks - as a direct result from someone looking at the We Need That brochure - hurrah!!!"

"Thank you for organising such a great idea!"

"Your directory is interesting and informative."

ARE YOU KEEN ON RECYCLING?

WHY NOT BECOME ONE OF OUR AMBASSADORS

Recycling is very important to us. Thanks to our We Need That! directory being so popular and people encouraging their friends and family to save items, we decided that we would look for Recycling Ambassadors to help us spread the word in Poole and Bournemouth and even further.

So what is a Recycling Ambassador?

A Recycling Ambassador is someone with an interest in recycling who wants to encourage others to recycle. This could involve them simply encouraging their close friends, family or neighbours to get involved in recycling. Or if they wanted more involvement, they could attend meetings of local groups to speak about local recycling initiatives.

Examples:

- (i) You may live in a block of flats and your role as Recycling Ambassador could be to deliver leaflets which we would supply to all your neighbours' flats. You may also like to set up a collection for one item e.g. egg boxes, which could be donated to one of the organisations in the We Need That! directory.
- (ii) You could be a Recycling Ambassador at work and encourage your work colleagues to recycle and save items as above.

It doesn't matter if you only have an hour a month to spare. If, in that hour, you can help to save items from being thrown away and re-used you really can make a difference. For more information please contact Monique 07771 705662 or email: contact@ideas2action.org.uk

WHAT HAPPENS TO THE POUCHES AND PACKETS?

These items are sent to TerraCycle who recycle the material into generic plastic products such as park benches, watering cans and rubbish bins. Under the scheme, two TerraCycle points are earned for the weight of each unit of waste returned. Points will be redeemed and the money raised will go to Poole Hospital's Children's Ward and NICU (Neonatal Intensive Care Unit).

Collection points:

As well as The Good Play Café (see page 41) there is another collection point at West Howe Library.

SECTION 5

DORSET RECLAIM AND THE DORSET SCRAPSTORE

DORSET RECLAIM

Dorset Reclaim is a local charity helping people on lower incomes furnish their homes. From a small start, we now have three depots across Dorset with a team of volunteers and staff ready to help you. Your local depots are at 85 Stanley Road, Springbourne and Didcot Road, Poole.

We rely completely on the generous donations from local householders to help other local families. We need a wide selection of items including all types of furniture, large and small electrical items, curtains and crockery to carry out our work—we can even find a home for clothes, bags and shoes. We provide a free collection service to anyone offering good quality items to the project and try to accept anything it takes to make a home.

So if you're suffering from a lack of space, moving to a smaller home, or just having a spring clean, give us a call and help us to help others at the same time.

Call us on 01202 773384 (Bournemouth) or 01202 679080 (Poole) or visit our website www.dorsetreclaim.org.uk to find out more.

DORSET SCRAPSTORE

“An Aladdin’s Cave where waste from industry becomes a community resource!”

Fake limbs and biscuit tins, fabric swatches and cardboard boxes...Dorset Scrapstore wants a world where manufacturing waste doesn’t go to landfill - it becomes a community resource for craft making and creativity.

We collect materials donated by industry and make them available to schools, community groups and families as a low cost resource. Our materials are suitable for use in art, craft, education and play. We help the environment by promoting re-use and recycling, and by reducing the amounts going to landfill.

Dorset Scrapstore is a registered charity and a non-profit making company. We operate with the help of two part-time employees and a wonderful set of volunteers.

Donated materials are stored in our warehouses at Bournemouth and Puddletown. Our members come in and fill bin-bags with materials for just £6 per bag. Materials include paper, card, sticky-backed plastic, tubing, plastic bottles, fabric and foam, to name just a few of the things in store.

Dorset Scrapstore also runs affordable arts and crafts workshops. These cover a range of activities and focus on skill-learning in a fun and friendly group environment.

For a full list of all the items we need please see pages 52-54.

If you live outside the Poole/Bournemouth conurbation in the Dorchester area, then please see the following contact details:

EMAIL enquiries@dorsetscrapstore.org.uk

RATING SYSTEM IS AS FOLLOWS:

1 – NO GREAT DEMAND – Goes slowly and is not very popular, but we try to keep a small amount in stock.

10 – DESPERATELY IN NEED! – Goes very quickly and we can never satisfy the demand.

Ratings are given for colourful things (where appropriate or relevant). Plainer or duller stuff will score slightly less!!

General info

1. We are interested in any materials or items that can be used in an art, craft or play context.
2. Materials must be **clean** and **safe**
3. The more colourful the better, particularly with regard to paper, fabric and plastics
4. Strange, exotic, and unusual materials are our “grail”!
5. If the scrap is appropriate we can take large quantities and act as distributor to the UK network of 105 scrapstores
6. If you can deliver – great! If not - we can collect.
7. We **do not accept** any food containers (even if they have been washed out) or electrical equipment.
8. We **can** take donations of suitable household items (particularly fabrics) but can only accept them if sorted into different types – we cannot accept large bags of mixed scrap types.
9. This list is incomplete! If you’ve got something that’s not listed here and you think it would be useful, call us.
